

How to make the **Trogg & Marina** **Sock puppet**

How to make the Mouthplate

- Cut the toe of the sock.
- Position the sock. The heel is in the middle and at the top.

1

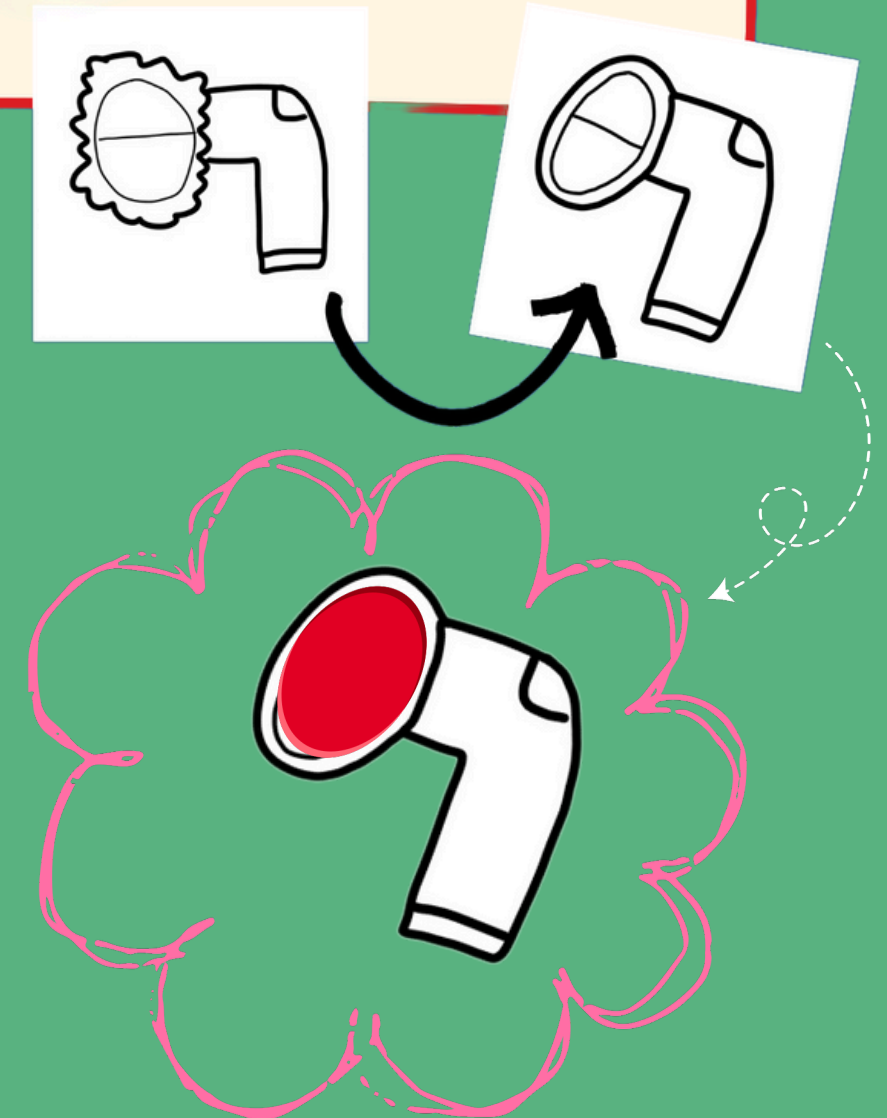

- Open the cardboard wide.
- Extend the edge of the sock by about 2cm. Put glue around the cardboard then attach it.
- Then covered it by oval red flanel.

3

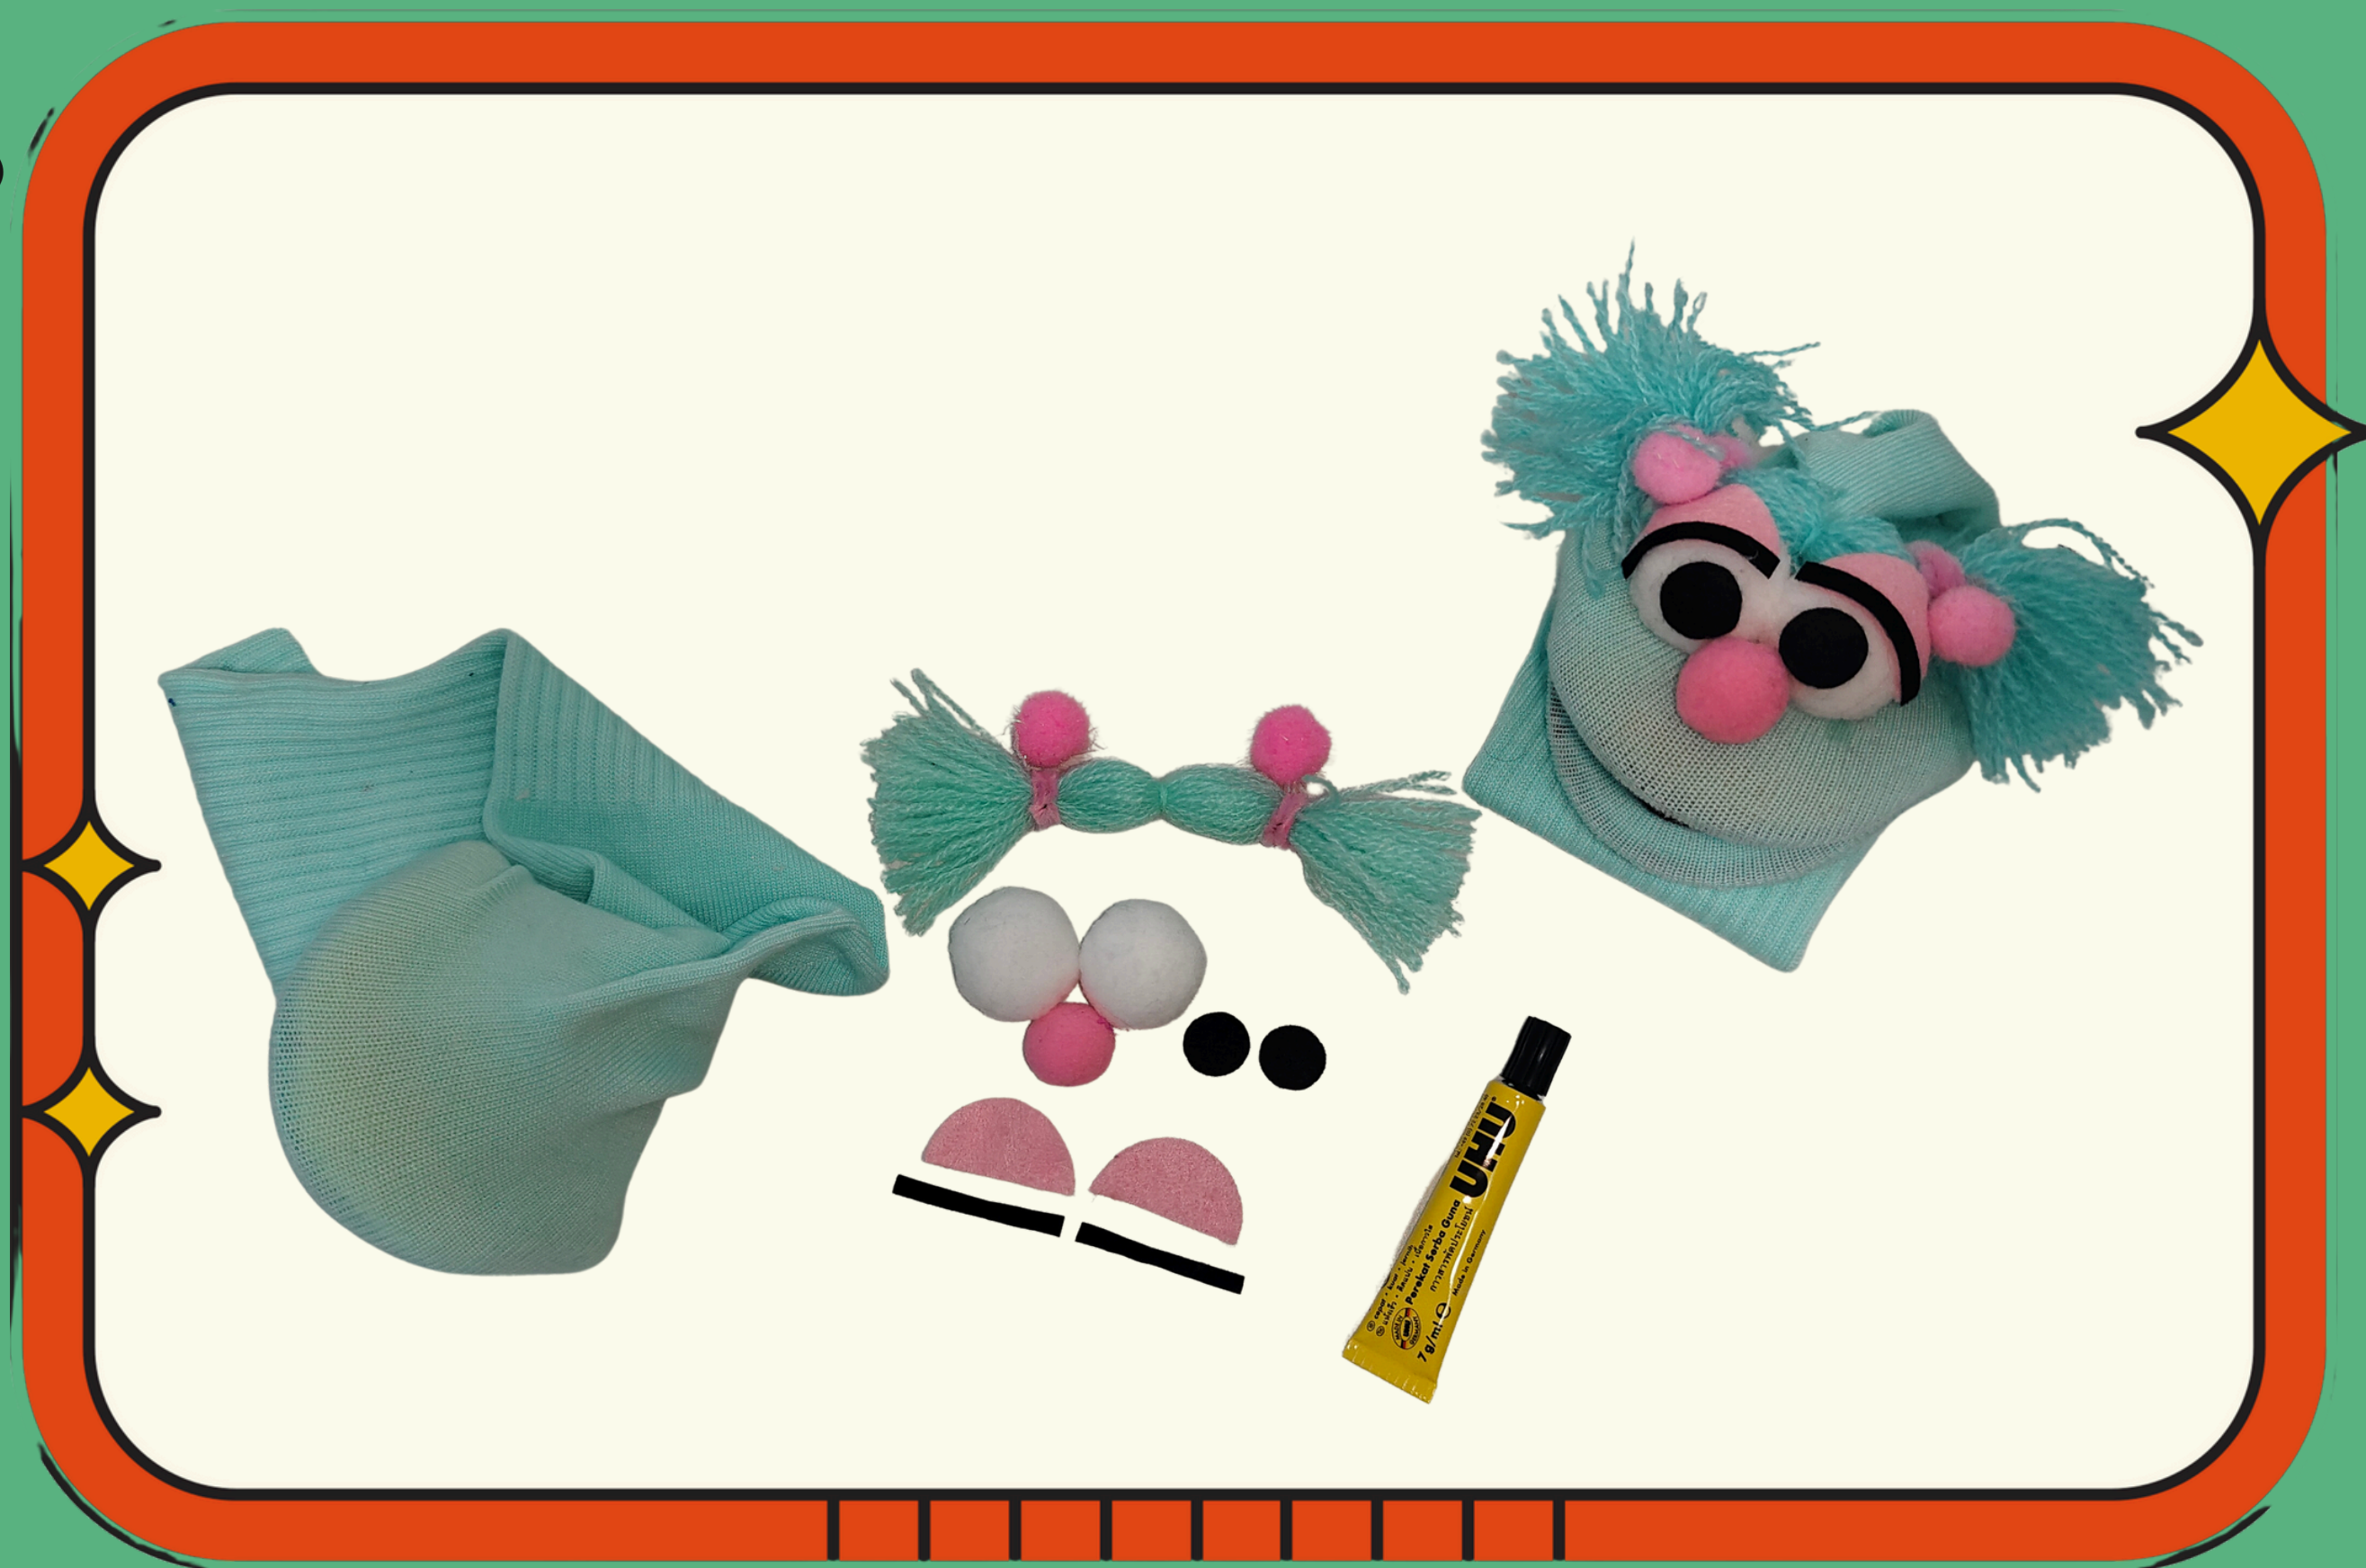

Insert the cardboard into the cut end of the sock. The yellow foam is at the top.

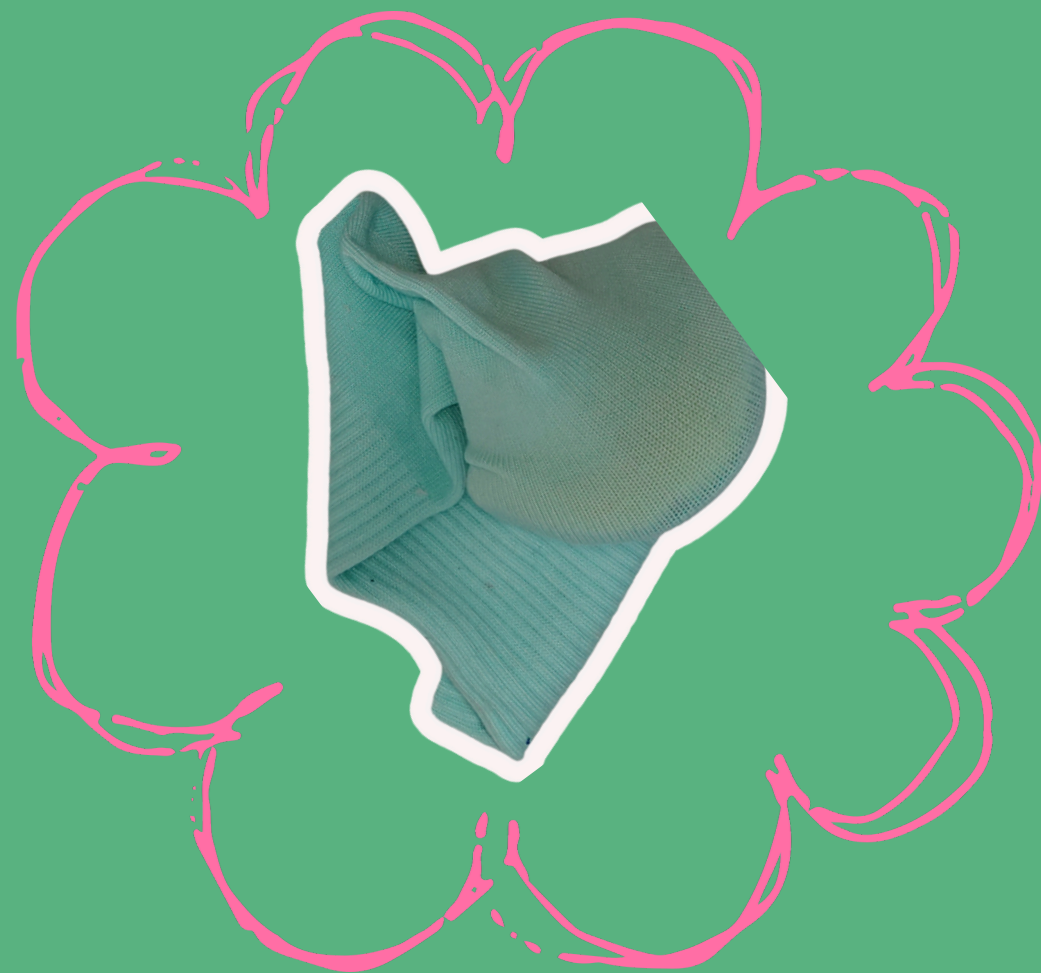

2

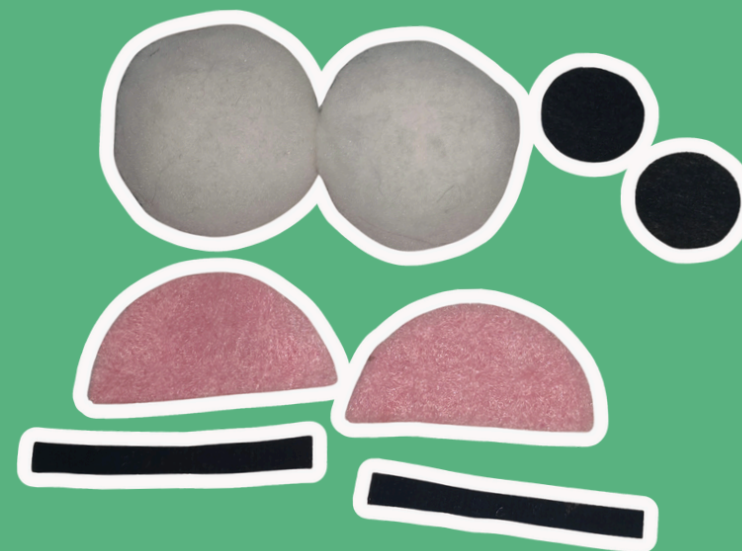

First, make the puppet's body

Prepare the accessories for Marina's eyes

Glue the area marked with a zigzag, then stick on the black trim

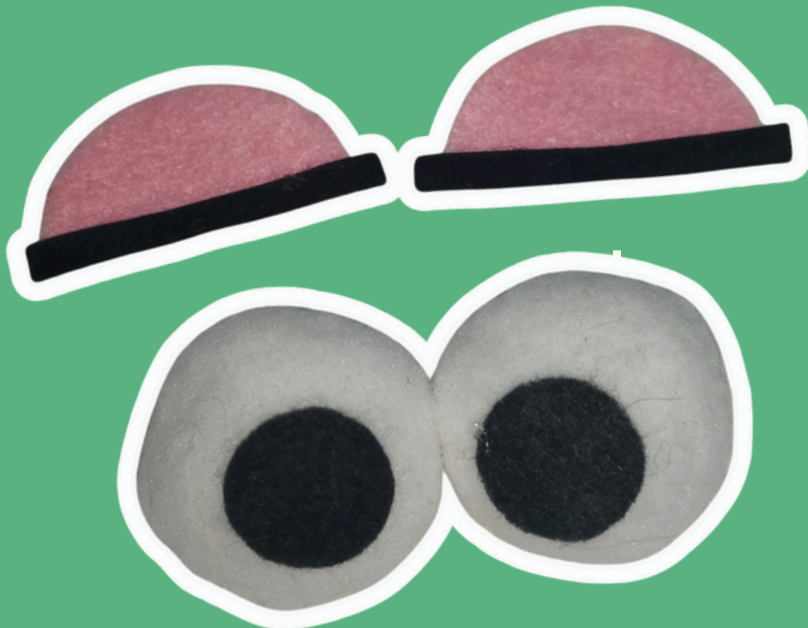

Attach the round black felt to the white pom-pom

Attach the pink eyelid to the pom-pom

Glue the two eye pom-poms together

Attach the joined eye pom-poms to the puppet's body. Position the pom-poms exactly in the centre of the foam mouthplate, not too far back. After that, attach the nose and the hair.

Attach the spiky pink pom-pom as a decoration on the hair tie

Attach the hair behind the pom-pom eyes

Tro999

First, make the puppet's body

Prepare the accessories for Troggg's eyes

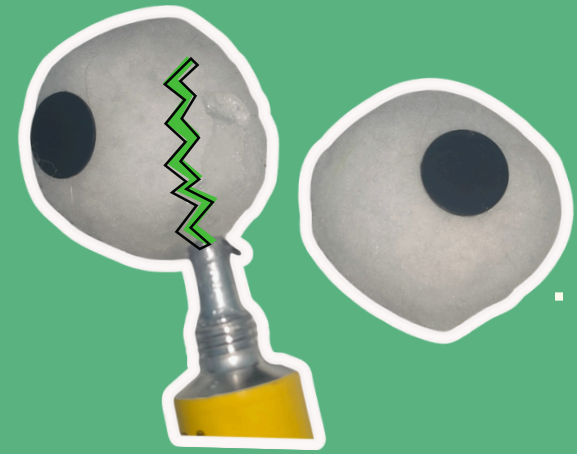

Attach the round black felt to the white pom-pom

Glue the two eye pom-poms together

Attach the black feather as eyebrows above the joined white pom-poms."

Attach the eye set to the top of the puppet's head. Place the eyes slightly toward the back (at the mouthplate edge) to create a longer face effect.
Then

Then attach the nose, teeth, and orange hair
